Re: Pokies

Dear Mr. Mayne,

Thank you for your emails of 3 August 2010 and 4 August 2010, including your *Mayne Report*.

The Climate Sceptics Party does not have a predetermined policy on pokies. In such cases, candidates from our Party that are successful in being elected to Parliament have three guiding principles:

1. Obtain the best possible scientific evidence.
2. Ensure that the views of ordinary Australians are sought and heeded.
3. Allow our Members of Parliament to facilitate or lead the public debate, regardless of any differences of opinion they may have.

I am happy to provide my own personal opinions on this issue. As noted above, these do not necessarily represent the views of The Climate Sceptics Party or any of its endorsed candidates.

My views on pokies accord with your own.

If elected as a Senator for Tasmania, I will support any Bill seeking to implement the recommendations of the Productivity Commission report.

Please feel free to add my name to any list of Senate candidates committed to reining in the damage that pokies wreak on the most vulnerable members of our community.

Please do not hesitate to contact me if you have any further questions.

Sincerely,

A black rectangular box redacting the signature of Sally Costella.
